General Carter:

1. Mr. Olsher called while you were at IB and said that Congressman Patman is in a "terrible jam" this afternoon and asked if you could come to see him at 9:30 tomorrow morning rather than 4:00 this afternoon. I told Mr. Olsher I thought this would be possible but that I would like to confirm it with you when USIB is over. I called Mr. Houston's office to alert them to this change. The 2:00 pre-briefing is still on, unless you wish to schedule it for later today. (180-3851) ✓
